PREVENTION STAFF HANDBOOK

View and download: bit.ly/PreventionHandbook

The work you do in prevention is extremely valuable. It's important that the knowledge, insights and expertise you have can be shared with and passed onto others.

We encourage you to use this customizable Prevention Staff Handbook, even if only as inspiration, to proactively prepare others who are new to their positions. We hope you can find multiple ways to use this tool.

You could use this template handbook to:

- Help organize or keep track of important things you need to do throughout the year
- Train/onboard new staff
- Prepare for others who may need to take over some or all of your responsibilities

Contains examples of:

- Important documents & websites
- Common prevention tasks
- Events/trainings
- Much more!
